Customer approves this order and acknowledges the following: Longarm machine quilting can greatly enhance any quilt top, however the process cannot correct : (1) Extra fabric in top which may result in puckers and folds: (2) Out of square tops or backs or incorrect size of back in relation to top (3) Poor quality fabric (top and/or back) which can affect stitch quality; (4) Poor seam quality which may cause seams to open; (5) Loose threads which may show through quilt, (6) Poor or incorrect pressing of seams. (7) Embellishments (May be removed) Extra charges may apply if we deem it necessary to correct any and all issues prior to quilting. Quilts not picked up and paid for within 30 days of completion may be sold or donated.
